Key Electric Wholesalers
is one of the country's largest
independent electrical and industrial
distributors.

Uniquely Qualified

As one of SA's largest electrical distributors; we have grown by diversifying our offerings and providing exceptional service to our customers!

We're a team of -trained consultants and electrical engineers providing high-quality electrical goods.

What Sets Us Apart?

We utilize leading edge, technology-driven solutions to ensure that our customers receive the best solution to comply with regulatory requirements, gain a strategic advantage, or maintain a competitive position.

At Key Electric Wholesalers each individual is dedicated to excellence and developing long-term winning partnerships.

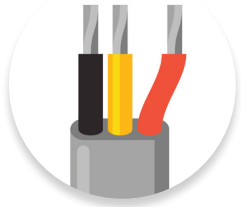

Code of Ethics

Our Corporate Code of Ethics, which includes our Core Values, defines who we are and how we approach our business everyday.

We pledge to strive to perfection in all that we endeavor to do for our customers, to listen, learn and be helpful. In all of our transactions, we vow to act honourably and ethically and always deliver as promised.
